

Thanet Astronomy Group

Members Meeting

Agenda

003

- 1 **Welcome / Thanks**
- 2 **What would you like us to do**
What subjects are you interested in, what would you like to learn, how can we help.
- 3 **Subs**

Danny D

We have two short Videos about the Rosetta probe
This is the probe that is going to visit and land on the comett 67P / Churyumov - Gerasimenko
We hope you will find interesting and will prompt some questions.

Q & A

By Very popular request :-
We will go over the Stellerium controls and examples in the Stargazing course.

TEA – COFFEE – SNACKS – QUESTIONS -)and if you are lucky:-) ANSWERS

The Cafe will be staffed and Teas Coffees Snacks will be available.

Please feel free to support the West Bay Cafe.

We are extremely grateful to Alan and Kate for the kind support they have shown us in providing a venue for our group.

George W

Will talk a little about star hopping between constellations.

To End with general Q & A / Viewing if the sky is clear !

Thank you for attending.

We look forward to helping you achieve all your Astronomy goals.

Danny D - George W - George C – Gill P
