

# Thanet Astronomy Group

Astronomy for Everyone in Plain English

Agenda 029

Date 5<sup>th</sup> October 2016

Time : 7:30 Start

## **7:30pm Doors Open**

## **7:45pm Welcome and Notices - Gill**

Thanks and Updates

## **8:00pm Presentation on the Moon - Danny**

This is a very short presentation on our Moon.

I have been asked so many times to run this presentation because so many people have never seen it. It is the first astronomy presentation I ever made !!

## **8:30pm Break Time**

**Comfort Break:** The Cafe will be staffed and Teas, Coffees, Snacks etc. will be available.

## **9:00pm Circumpolar Constellations – Gill / Danny**

According to wikipedia a circumpolar constellations is :-

**“A constellations that never sets from the viewer's perspective”.**

Gill will explain a little more about circumpolar constellations and

Danny will assist with Stellarium and talk about some of the deep sky objects that can be seen in and around these constellations now that you know about them.

## **9:45pm Star Viewing Evening**

We are hoping that the sky will be clear and we will be able to go outside and look at what we have been talking about.

## **10:00pm Home Time**

We look forward to helping you achieve all your Astronomy goals.

Danny D - George W - Gill P

*We are extremely grateful to Alan and Kate for the kind support they have shown us in providing a venue for our group at*

*West Bay Cafe, Sea Road, Westgate-on-Sea, CT8 8QA.*
